

Customizable Sticker - is a multi-purpose utility where the system allows you to generate a variety of stickers with messages of your choice. You have the option to print the Ship-To-Address and the ability to include Notes, Remarks, Instructions or even change the font size of the text on the stickers.

Two types of Customizable Stickers (Avery #5163 - 10 / page format):

Client Address Labels - is used when you want to ship a package to your customer.

Customizable Blank Labels - is used when the address of your customer is not defined in the system or if you want to write remarks, notes, instructions, etc.

To print **Sticker**, just **Display** a client and select the "Forms" button. On the next screen, select the format to use then answer the following instructions to print.
