MOD2 Inc. is a software company located in Los Angeles. Our state of the art software packages are designed to help Fabric & Home Furnishing companies to fully automate their business. With over 14 years of continuous development guided by close relationships with our customers, MOD2 is the complete solution for your business.

Do you want to increase the productivity of your organization?
Do you have to manage your inventory in detail?
Do you want to track and send confirmations of orders automatically?
Does your software understand the specific needs of the home furnishing industry?
Do you want to know the accurate cost of an item?
Can your existing software give you the actual profit on an invoice?
Do you want to see the images of the fabric in your system?
Can you easily track what orders are pending for a customer? For a supplier?
Do you want to create stickers and swatch cards for fabric headers and samples?
Can your system notify your salesperson upon a shipment? Your customer?

☐ Feature Highlights

Forms

- Consistent, professional forms built-in like invoice, proforma invoice, commercial invoice, picking sheet, sales order and purchase contract that follow industry standards
