## MOD2 CREDIT CARD PROCESSING

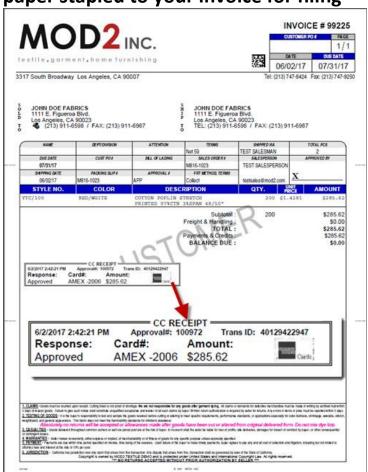

Credit card payments can be processed directly in Mod2.

The benefits of using this feature are:

1. You don't need a credit card terminal

2. Credit card receipts are printed directly on the Invoice; no need for extra paper stapled to your invoice for filing

## 3. You can save and manage credit card details in Mod2.

\*\*\*All credit card information is encrypted for security

4. You don't have to change from your existing credit card processor.

For more information on how to setup and use this feature please contact your Mod2 Support Representative.
